Corporate social responsibility (CSR, also called corporate sustainability, sustainable business, corporate conscience, corporate citizenship, conscious capitalism, or responsible business) is a type of international private business self-regulation. While once it was possible to describe CSR as an internal organisational policy or a corporate ethic strategy, that time has passed as various ...

Alpha Reliability Sport psychologists often produce a variable by effectively averaging the scores of two or more items from a multi-item questionnaire or inventory. The alpha reliability of the variable is derived by assuming each item represents a retest of a single item. For example, if there are five items, it's as if the five scores are the retest scores for one item.
